We have served up a generous helping of wonderful works of fiction, but, don't forget, you can enjoy the wealth of information available to you in nonfiction. Nic Bishop, Seymour Simon, Gail Gibbons, and Bobbie Kalman are just a few authors who are masters in writing engaging works of nonfiction just for kids. Why not use the summer to develop a subject specialty? Just for fun, jot down that Dewey Decimal number that corresponds to your subject. You can return to school next September and ask your classmates, "Do you know what my Dewey number is?" Tell them, and let them find out what your area of expertise is!
